REPUBLIC SPECIAL.

Bloknell, Ind., Nov. 14.—To-day's field trials furnished good sport to a large party of visiters. The Derby was finished this morning. First was won by Seven-Uo, a fine young setter, owned by J. W. Blythe of Burlington, Ia. Second went to Doc Hick, owned by Doctor Yancy of Sedalla, Mo. The other two places were taken by Missouri dogs, Ortiz Lad and Ortiz Pride. In the All-Age Stakes only five braces were run, four St. Louis dogs competed, Rod Webster, Sports Boy, Sally Kinlock and Chiquita, Sports Boy ran much below his best form, but may win yet, if taken into the second series. Chiquita ran a dashing heat without an error. Ortiz Lad did some superior work for a young dog, and the running will be finished to-mofrow.

Joe Nutz, the old C. B. C. star, was se lected by the players to succeed Smith. He took charge of the boys at once. Smith was on hand at Hanian's Park during the afternoon and rendered Captain Nutz much assistance in drilling the squad. Nutz's elevation to the captaincy of the

As the leader of the Washington team, he cannot very well afford to leave his men in the lurch, when his services are most needed, which is going to be the case. Thanksgiving Day. When asked yesterday whether or not he would play with his team on Thanksgiving Day. Nutz sald:

"I had hoped to be excused from playing that day, and as long as I was simply a member of the team it looked as though I would have no trouble getting off that day, but now the situation is different. As captain of the Washington team it is my duty to be with the boys when the fire is the hottest. Our game with C. B. C. promises to be the kardest proposition we are going to have the rest of the season, and I guess the team will hardly let me off that afternoon. If there is any chance to get to the proposition of playing against C. B. C., however, I shall take advantage of it."

Benner of Downey will replace Captain Smith at full back. Hertell is schebuled to succeed Roy Effers at left guard. Effers's younger brother was at Handlan's Park yesterday and stated that Roy was still confined to his room. He has a broken leg, one of the small bones near the ankle having snapped on him hast Saturday in a fall received in the Rolla game.

## PRINCETON'S RUSH LINE IS VERY WEAK.

Final Practice Game With Scrubs Gave Little Encouragement to Tigers' Supporters.

the Tigers took their last hard practice before meeting Yale. The entire undergraduate body, marshaled by class, paraded through the campus and streets to the Athletic field. The students congregated and formed in front of renaion hall and first marehed to the front campus, halting to front of the time-honored steps of old North Hall, where they were addressed by W. H.

Hall, where they were addressed by W. H. Bannard, who arged them to "cheer for all they were worth" for the team.

Then they paraded up and down Nassan street and out to University Field, where they gave the football players an enthusiastic demonstration of loyalty.

The banners carried by the students bore such inscriptions as "We will beat Yale." "We did it hast year, we must do it again," and "Surprise party on Saturday."

The players seemed more full of life and energy than for several days past. Perhaps the enthusiasm of their fellow-students stimulated them. At any rate, all the men played determinedly and their work was fast. Fumbling occurred frequently, however, on the part of both the 'Varsity and the serub backs.

Melr at quarter, played a brilliaut, aggressive game, despite his many families and a triffing nervousness in passing the ball. He made a number of elever dushes.

Rush Line Still Woefully Weak.

Princeton's rush line's weakness, however, is still the great obstacle which the coaches seem unable to overcome. The scrub punched big holes in the 'Varsity rows, and made large gains through it. Hatt was behind the line to-day again, having sufficiently recovered from his recent injuries to take his place at half back. He put up a good game.

"Bossle" Reiter seemed to imagine that the scrub was Yale's team, judging by the ferocity with which he charged into the second-team men. His efforts were largely vain, however, for the scrub line to-day was made of durable material. Coach "Pete" Baillet and ex-Captain Edwards were at center and left guard, while Coach "Attention of the company of the scrub was thus strengthened the 'varsity team was unable to gain treated the varsity team was unable to gain

over each of the three times by microscoping.

The "scrubs" said to-night that never during the whole season have they been forced to face such ouslandts as the "tackles-back" formation and Hale's line plunging proved to-day. Bloomer played to hold his place, and Stillman equaled him.

Hale's showing in the punting to-day was brilliant. He seems to have got hold of the knack of punting, for even Dupee suffered by comparison. They alternated in kicking. Dupee's kicks averaged forty-five yards; Hale's averaged fifty-six yards, The first time he hoisted the leather it was for sixty-eight yards.

Styty-eight yards.

This kicking practically settled the difficulty about the back field. For three days the coachers have debated what to do with Hule and Dupee. It was practically decided this morning to play Hale in the old position, left tackle, displacing Bloomer, and to put Dupee at full back. Hale desired one more day's trial. He got it, and proved conclusively, by his carrying of the ball and his punting, that to move him would be merely getting a good tackle by spoiling a splendid full back. Bloomer, too, practically won left tackle.

to-morrow brief and the last before the game.

The practice of to-day was followed by kicking to the backs. As Dupee, Cook, Sharpe, Fincke, Wear and Hale were ordered to go in for this, it is evident that Yale will have a double back field for the game. Sharpe and Cook will probably take the places of the pony backs, Dupee and Fincke, if it be found necessary.

# LESSON TAUGHT BY STREET CAR STRIKE.

Commissioner Rixey Tells Industrial Commission That Arbitration Should Be Compulsory.

Present Statute So Weak That He Did Not Deem It Worth Invoking Last Summer-Hopes for New Legislation.

REPUBLIC SPECIAL Washington, Nov. 14.-The Industrial sioner Thomas P. Rixey of Missouri upon problems connected with labor and capital. Mr. Rixey explained the duties of his office and the character and scope of the investigations conducted by him in the inlustriat conditions of the State. He said there was a State law which pro-

vided for mediation on the part of the Labor Commissioner in the case of strikes or lockouts, but the law was not effective. It was so weak, in fact, that he had not even invoked it in the great street-car strike in St. Louis last summer.

invoked it in the great street-car strike in St. Louis last summer.

Mr. Bixey gave a history of that labor disturbance, reciling the causes which led up to it and the principal features of the trouble. He gave an account of the terrorization of the city for the greater part of the fifty-five days which the strike continued, during which the welfare of the public and the interests of business raffered from the turbulence.

He regarded the strike as unsuccessful because it had never been called off, and the employes had not yielded, but the lines had gradually resumed operations.

Mr. Rixey thought that the only remedy for such strikes is compulsory arbitration. There should be a board it each State which has the power to compel the parties to disputes to appear, have the trouble arbitrated and to abide by the decision.

He said that in the St. Louis strike hundreds of thousands of persons in and out of the city were affected by the long continuance of the trouble. In such cases there should be a public tribunal, which should have the power to put an end to conditions injuriously affecting the public welfare.

He said that the State had the power to grant the franchise to the company for the exercise of a privilege affecting the public, and the State should certainly have the authority to provide for the proper exercise of the franchise.

He was confident that the next Legislature of Missouri will not adjourn until it

### SENATOR DAVIS'S CONDITION.

Physicians Are Now Hopeful as to the Outcome.

St. Paul, Minn., Nov. 14.—The reports from the bedside of United States Senator C. K. Davis this afternoon stated that he was resting comfortably. The physicians admit the serious nature of his sickness, but the fact that he has kept up his strength so remarkably makes them hopeful as to the outcome. The trouble with the foot is believed to have been disposed of, and the wound is healing nicely. But the development of kidney trouble causes the chief apprehension. It was first a case of nephritis, and diabetis has also developed, complicating the situation greatly. He passed a restless night, until 4 o'clock, after which hour he slept well, eating a hearty breakfast. His temperature to-day was 99-25, and pulse 120.

The various ratification meetings being held throughout the State are adopting resolutions of sympathy with the Senator in his sickness, and similar action has been taken by the Loyal Legion at its November meeting and by the State Historical Society. These expressions of good will, together with the many telegrams of cheer and sympathy from prominent men all over the world, have done much to hold up the invalid's spirits and thereby help in restoring his health. storing his health.

Mr. C. R. Rembraudt of Rochester, N. Y., says: "I know of few people who have suffered as much as I from Catarrh of the head, throat and stomach. I used sprays, inhalers, and powders for months at a time, with only slight relief, and had no hope of cure. I had not the means to make a change of climate, which seemed my only chance of cure.

a change of climate, which seemed my only chance of cure.

"Last spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets, and promptly bought a 50-cent box from my druggist, and obtained such positive benefit from that one package that I continued to use them daily until I now consider myself entirely free from the disgusting annoyance of catarrh; my head is clear, my digestion all I could ask, and my hearing, which had begun to fall as a result of the catarrh, has greatly improved, until I feel I can hear as well as ever. They are a household necessity in my family."

Stuart's Catarrh Tablets are sold by druggists at 50 cents for complete treatment, and for convenience, safety and prompt results they are undoubtedly the long-looked-for catarrh cure.

## Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind. dise ourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order

or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidnevs. If the child urin-

ates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as

most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold

by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail sample bottle by mail free, also pamphlet tell- Home of Sa ing all about it, including many of the thousands of testimonial letters received from sufferers cured. ### WITNESS WAS SENT TO JAIL.

Refused to Prosecute Man Whose Arrest He Caused.

Jacob Simon, 55 years old, of No. 4533 Easton avenue, a prosecuting witness in the Court of Criminal Correction yesterday, was committed to jail for contempt of court because he refused to testify. Judge Clark sent him to jail for ten days, saying he would give him a chance to think the matter over. The case was continued until November 23 to give Simon another chance to testify. If he refuses again it is probable that he will be again committed to jail until he is ready to talk. until he is ready to talk.
Simon swore out a warrant two weeks ago against Michael Byron, charging him with robbery in the first degree. Simon told Assistant Prosecuting Attorney Johnson that Byron held him up at 3 o'clock in the morning and took 40 cents from his pocket. When Simon was placed on the stand yesterday he absolutely refused to testify. When Attorney Noland could get nothing from him Judge Clark asked him to tell what he knew of the robbery. All he would say was to repeat:

the world the robbery. All he would say was to repeat:

"I will not prosecute."

Judge Clark repeated his question with the same result. Simon was then committed to jail. After court was over it was learned that Simon was not positive in the identification, and that was the reason he refused to prosecute.

BANK OFFICERS FOUND GUILTY. Jury Cheered by Assemblage of

Ruined Depositors. London, Nov. 14.—The director, manager and auditors of Dumbell's Bank of Douglas. Isle of Man, which recently failed for over £100,000, were found guilty to-day of falsifying the bank's books. Sentence was deferred. The jurymen were cheered by the assemblage of ruined depositors.

Unless a baby is fat, there is something wrong; there are no thin babies by nature. Nutrition is not what it ought to be; and the baby is not in a healthy condition; it lacks the proper reserve of health.

Use Scott's emulsion of codliver oil, Begin with a little; for babies like it too well.

We'll send you a little to try if you like.
